FOR IMMEDIATE RELEASE

EPS SECURITY TO HOST A SUMMIT OF INTERNATIONAL SECURITY FIRMS IN GRAND RAPIDS THIS WEEK

GRAND RAPIDS, Mich., Sept. 13, 2010—Engineered Protection Systems, Inc. (EPS Security), West Michigan’s leading commercial and residential security company, will host nearly 80 representatives from the Security Network of America (SNA) for a two-day summit in Grand Rapids to share best practices and advancements in technology impacting the field of security and life safety systems. The meeting takes place Sept. 14-15 at EPS Security headquarters, located at 750 Front Street in downtown Grand Rapids.

The SNA is a group of 28 independent, full-service electronic security firms serving more than 580,000 customers in 37 states and three Canadian provinces. Membership into the SNA is limited to security firms that own and operate their own UL-listed central station monitoring facility.

The SNA annual meeting is a vehicle meant to ensure the ongoing success of its members with peer-to-peer insight into best practices. The meeting grows more vital each year as rapid advancements in technology alter the way security firms do business.

The location changes each year to allow all 28 members the opportunity to host. This is the first year the meeting has been held in Grand Rapids.

EPS Security owns and operates one of *just nine* central station facilities *in the entire U.S.* to be UL-listed, FM-approved and simultaneously awarded with the Central Station Alarm Association’s prestigious “Five Diamond” certification.

The company invested more than \$1 million in new technology and training in 2006 to properly outfit its state-of-the-art central station from which it monitors systems for nearly 17,000 customers across Michigan, Wisconsin, Illinois, Indiana, Ohio and Kentucky.

The leading West Michigan security firm invested has been a member of the SNA since 2005. EPS Security is currently ranked among the top 30 largest security providers in the nation.

About Engineered Protection Systems (EPS Security)

Grand Rapids, Mich.-based Engineered Protection Systems (EPS Security) is a nationwide leader in security systems services. The Company currently ranks among the top 30 largest security companies in the U.S., and it is one of just seven security firms in the country to operate a central station facility that is UL-listed, FM-approved and certified by the Central Station Alarm Association as “Five Diamond” qualified.
